1. This application is in condition for allowance except for the following formal matters:

Applicant is requested to amend claims 18-20 to overcome 35 USC 101 as nonstatutory subject matter as described below:

Claims 18-20 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. "a computer program product for compute cycle brokering" is being considered as nonstatutory functional descriptive material. Applicant is suggested to amend the phrase above to be read as "a computer program product containing computer readable medium encoded with program instructions for compute cycle brokering" to overcome the 35 U.S.C. 101 rejection.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire TWO MONTHS from the mailing date of this letter.
